RE: BAY LOGISTICS NEW QUALITY DIVISION – Bay/MPS

On January 1, 2009, Bay Logistics officially launched its new quality division Bay/MPS. Bay/MPS is an ISO 9001:2000 certified quality control enterprise, and features a management team with over 350 years of collective experience working directly with Chrysler, Ford Motor Company, General Motors, and many other Tier One suppliers.

Bay/MPS services are available 24/7 and include the following:

- Inspection, Sorting, Rework, Manufacturing
- New Product Launch, Level II Controlled Shipping
- Third Party Inspection
- C.A.R.E. (Customer Acceptance, Review & Evaluation)
- GP-12 New Product Launch
- ESEP Services (Enhanced Supplier Engagement Process)
- EDI Capability (Electronic Data Interchange)
- Dunnage Repair
- Component Salvage
- Full Engine/Transmission/Disassembly & Salvage
- Kitting, and Repackaging
- Problem Resolution Consulting

Bay/MPS has been approved by General Motors to provide the following services: ESEP, Level II Controlled Shipping, and QSB Consulting. Bay/MPS is an approved Ford Motor Company quality inspection company as well.

Please call Michelle Halyckyj at (586) 258-8566 or Paul DeGrazia at (734) 775-7424 for more information.
